INTEGRITY INVESTIGATIONS, INC. FOUNDING MEMBER OF NEW PROFESSIONAL  
ASSOCIATION

INDIANAPOLIS, January 23 – Integrity Investigations, Inc. has joined ten other independent background screening firms to establish the Indiana Association of Background Screeners (IABS). The group is the nation's first and most well-organized state-level professional background screening organization.

“IABS is working with Indiana policymakers, government officials, business owners, school leaders, and not-for-profits to protect citizens in several different ways,” said Brandy Lord, Owner of Integrity Investigations, Inc. “We are all committed to delivering the highest quality of background screening to clients such as school districts, companies, non-profit organizations, and property management firms. In addition, we are working together to educate stakeholders on best practices for background screening.”

Lord noted that the work performed by IABS member companies protects employers, schoolchildren, and other potentially vulnerable groups by ensuring that prospective employees, volunteers, and vendors whose past activities make them potential threats to safety are identified. “We are also committed to treating those whose backgrounds are being reviewed fairly and legally, by pledging to perform our work in accordance with the provisions of the federal Fair Credit Reporting Act.”

Many people are surprised to learn that private background screening firms like Integrity Investigations, Inc. are able to quickly provide less expensive and more comprehensive background checks than what’s available through law enforcement agencies and other government sources. “We also provide much more thorough checks than most low-cost national sources,” Lord added, “and we are creating jobs for local residents.”

The Indiana Association of Background Screeners (IABS) is a statewide organization dedicated to representing the interests of professional background screening companies, protecting Indiana’s children and business owners, and ensuring that Indiana consumers are treated fairly and legally. Many IABS members are also part of the National Association of Professional Background Screeners.
